Who Are We?

The Mission Division of Family Practice represents local family doctors who are working together to achieve common health care goals and improve primary care services in Mission.

A GP for Me

A joint initiative of the Government of BC and Doctors of BC, A GP for Me aims to improve access to primary care across the province and help more British Columbians who want a family doctor to find one.

The Attachment Clinic

Led by Mission family doctors, the Attachment Clinic project aims to help patients who do not have a family doctor to find one. Book an appointment at the clinic to be seen by a physician, and we will work to attach you to a doctor in the community who is able to take on more patients. The Attachment Clinic is part of our work on the provincial A GP for Me initiative.

What To Expect

Phone, visit our website or come in to our Hurd Street location to begin the process of finding a family doctor.
